A BRIEF DESCRIPTION OF OUR EXPERIENCE OVER THE YEARS

Established in 1996, PENELOPA Ltd. was one of the first nuts manufacturers and distributors in Bulgaria. During the next 12 years the company became a leader on the Bulgarian market having its own distribution network and over 30% market share.

In 2008, the global giant PEPSI CO had invested and purchased the brand PENELOPA, assets and distribution network of the company. PENELOPA Ltd. changed its structure becoming a holding company named PENELOPA GROUP Ltd, which is successfully operating today.

In 2012, PENELOPA GROUP Ltd. acquired ELIT-P Ltd., which had been on the market for eight years already with the following main activities: production, processing, and packaging of nuts and dried fruits. A year later, the new brand of ELIT was launched.

PENELOPA GROUP Holding has an agricultural structure which provides a lot of the necessary raw materials (such as sunflower seeds, chickpeas, almonds, walnuts, plums, cherries, apricots, etc.), ensuring precise selection and high quality.
